SPECIFICATIONS

Product characteristics

- Easy handling due to stable squeeze-grip operation
- High-strength, glass-fibre reinforced special plastic valve body. Robust, high chemical resistant, moisture-resistant, corrosion-free, high temperature resistant, UV-resistant
- Standardised valve neck rings components
- Uniform neck ring M 74
- Uniform, black anodised metal locking collar
- Age-resistant hose assembly

Performance features

- Highly maintenance-friendly
- High extinguishing performance on A and B class fires
- Separate storage of foam concentrate in pre-assembled cartridge
- Special foam nozzle with high surface coverage enables ideal application of the extinguishing agent
- Reignition is largely suppressed
- Ideal for far-off places and transoceanic voyages
- Excellent performance in places exposed to adverse conditions
